

Zayan Ali Khan

Hi my name is Zayan. I am a website developer having a small amount of experience. I am good at Front-End and just recently learned how Back-End works. My main task is to make a website look abstract and attractive as well as functional.

Work Experience

Basically i don't have any experience as a Developer. But i have worked on my own as developer and i have make some of my project listed below.

Blooming Petals

Blooming petal was a Front-End project. It was make on HTML, CSS, JavaScript and JQUERY. It was my 1st semester E-project which was lead by me.

- Fully responsive and user friendly design was introduced.
- Working functions was enabled for better quality.
